

DESIGN TRUST: Critically Homemade

GIVE TO GIVE MORE

Design Trust creates active long-term, intelligent and meaningful platforms to fund and advocate for the positive value of the process of design, debate and creative sharing. We support innovative, thought-provoking investigations in various design disciplines including, but not limited to, graphics, media, wearable technologies, architecture to the environment to actively accelerate creative research, design and development of meaningful projects that advocate for the positive role of design.

After months of questioning, probing, researching and engaging, DESIGN TRUST is launching a micro-initiative, “**DESIGN TRUST: Critically Homemade**”, a rapid response to COVID-19 and our current context and to foster play, social well-being and sustainability through homemade objects. Through the initiative we hope to benefit the wider community at large and to build resilience and sustainability for our future.

HOW YOU CAN HELP

Join us as a DESIGN TRUST PATRON and enhance our project. Together with our 60+ participating designers, we pledge for your support to join us in our ongoing efforts to **address the current covid-19 challenges and to provide immediate support through our [granting programmes](https://designtrust.hk/design-trust-critically-homemade/)**. Your generosity will help us GIVE TO GIVE MORE in benefit of the wider community at large and to build resilience and sustainability for our collective future. ABOUT DESIGN TRUST

Design Trust was established in 2014 by Hong Kong Ambassadors of Design, a registered charity in Hong Kong since 2007, as a grant funding platform. Design Trust supports creative projects that develop expertise, build research initiatives and content related to Hong Kong and the Greater Bay Area. Working across a multiplicity of design disciplines including, but not limited to, graphics, media, architecture to the built environment, Design Trust aims to actively accelerate creative research, design and development of meaningful projects that advocate for the positive role of design.
